StatStrap® Circuit Holder

Highly visible circuit holder clips to bedding, taking strain off tubes, circuits and cables

The StatStrap Circuit Holder securely wraps around monitor cables and clips them to bed linens or patient gown to conveniently keep cables secure and tubing within easy reach.

The StatStrap Circuit Holder is designed for single patient use in neonatal critical care, labor and delivery, transport during Kangaroo Care and special procedures to safely secure tubing to clothing or bedding. The integral clip helps keep weight off cable connections for better monitor performance.

Caution: Not recommended for MRI use.
